Thank you to all the year 1 parents who have joined us for recent events, The Great Fire of London Lunch and the Read, Write Inc Inspire. Children love to see you in school and it makes such an impact on their learning if we are all working together.

Thank you letters

Once again we are entering the Jubilee Centre for values 'Thank you' letter Competition. Your child needs to think of someone they would like to say thank you to famous or personal to them. Their class teacher has an entry form. They should be handed in to the office by 17th February. The school will choose the best entrants who will receive a prize as well as being sent off to the national competition.

Reading Fairy has asked me to remind you that any children who are part of RW Inc should be reading their RW Inc book at home as well as their home reader. Remember to record this reading in your child's learning diary – the fairy is magical, but not telepathic, and loves to give out prizes whenever she can. If you can date each entry too, that is really appreciated.

E-Safety

This week was internet safety week. Mrs Fothergill did an assembly on this and you can look at our web site for further support to help your child. We do regular checks on the ipads in years 5 and 6 to ensure that there are no social media apps on them. It is the way children choose to use social medial and communicate with each other that worries me the most at the moment. Which is why I chose to focus my Monday assembly on texting. Many children have mobile phones that they use out of school but we often have to deal with the fall out at school when unpleasant messages have been sent. It is often worse when two or more children have a sleep over and another child is left out. I am also worried by the fact that children have their ipads , phones in their bedroom at night. Research shows that children will not get a good sleep if they have been using electronic gadgets just before they go to bed and from messages that have been shown to me that children are sending messages very late at night. I feel if every one followed certain rules whilst texting or posting social media messages we could all unite to help keep children safe and not have to be upset by unpleasant or

Text at the right time.

You should not text whilst you are with other people enjoying their company, at meal times, the cinema, the theatre a funeral or in other public settings.

Do not have your phone on at bed time

nasty messages.

Content

Think what is appropriate to send in a text message. Never deliver bad news in a text message

Context

Sometimes text messages are misunderstood. The person receiving the message can't see the sender's facial expressions or hear their tone of voice. Jokes and sarcastic comments may cause upset

Think before you send or post an angry message.

If it's inappropriate to say it face to face – then you shouldn't say it at all.

Be kind

Do not gossip about others, spread rumours , trash others or be unkind in general

Social Media Manners
