

### Sports Premium Funding 2017-2018

The Government is providing funding of £150 million to provide new, substantial primary school sport funding. Starting from September 2013, and lasting until at least 2020, ring-fenced funding – only to be spent on sport – will go directly to schools who will decide what is best for their children's sport needs. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport. The sport funding can only be spent on sport and PE provision in schools.

Sports Premium received: £18,965

At Hillstone this money is used toward the cost of employing a full time coach.

Coach's remit is to:

- Engage all pupils in regular physical activity.
- Raise the profile of PE and sport across the school
- Help develop staff skills and knowledge
- Increase the range of sports activities offered to all pupils
- Increased participation and success in competitive sports

Our Sports Coach delivers approximately twenty five hours a week of PE lessons, working with KS1 and KS2 classes, helping with professional development of teachers who observe and help lead PE lessons. Our Sports coach has worked with fourteen different teachers during this academic year. As well as this our Sports Coach provides inclusive sports based breakfast club activities which are based on helping develop fundamental key skills such as balance and agility, for both KS1 and KS2. Lunchtime sports clubs also take place every day, in which a wide variety of sports specific, skill based games and activities help develop key skills within different sports. Gifted and talented sports clubs also take place as an after school club. Through this our Sports Coach helps up skill and develops children who have been identified as gifted and talented in PE. These clubs are used for training teams and individuals for upcoming sports competitions and leagues. Our coach provides opportunities for all children, including SEND and those who are less active. Specific clubs are run to target these children and overcome barriers to sport. These children also are given the opportunity to compete in level 2 and potentially level 3 sporting events.
