Why we are consulting

Birmingham City Council believes that parental views regarding childcare in the city are essential.

We would like to hear about the type of childcare you use and whether the right childcare and support is available to you.

It should take you about 10-15 minutes. We ask about your opinions, preferences and experiences of childcare for your child(ren) and any further support you need.

This survey is being carried out by Coram, a children's charity, on behalf of Birmingham City Council. Coram is not part of Birmingham City Council.

How will the survey be used?

We will write a report based on people's answers. We will not publish your individual survey responses or share them with anyone outside the survey team.

The report will be published by Birmingham City Council in early 2022

The survey is available online at the web address below and will be open from

**Tuesday 22nd November 2021
to Sunday 12th December 2021**
