

Fins, Feathers and Feet

In this project, we will learn how to group animals by what they eat and what they look like.

Science

I can identify and name some common animals.

I can describe and compare the structure of some animals.

I know what mammals, reptiles, amphibians, birds and fish are.

I can name a mammal, reptile, amphibian, bird and fish.

I know that some animals eat meat, some eat plants and some eat both.

Computing

I can find and use keys on a keyboard.

I can use the backspace key to remove text.

I can type capital letters.

I can change the font of my letters.

I can say why I prefer either typing or writing.

RE

I know the importance of listening to others.

I understand what the followers of Islam teach about who we should listen to.

I understand what stories from Christian traditions teach us about listening.

I can discuss how followers of different religions express and celebrate joy.

Hillstone Life Skills

I know that all families can be different.

I can name important people in my life and explain why they are important.

I know how to keep myself safe and who I can safely trust.

I understand how kind and unkind behaviours affect others.

I understand how rules, boundaries and expectations can make my class a happy place.
