

Fins, Feathers and Feet

In this project we will learn how to group animals by what they eat and what they look like.

Science

I can identify and name some common animals.

I can describe and compare the structure of some animals.

I know what mammals, reptiles, amphibians, birds and fish are.

I can name a mammal, reptile, amphibian, bird and fish.

I know some animals eat meat, some eat plants, and some eat both.

Computing

I can use a keyboard to enter text.

I can edit the appearance of text.

I can discuss different directions. (Autumn 1)

I can program a BeeBot to move around a mat using 2 different routes. (Autumn 1)

I can de-bug my BeeBot when it does not reach the correct place. (Autumn 1)

RE

How might ideas about God be represented?

What do some Muslim people believe about God?

What do some Hindu people believe God looks like?

What do some Christian people believe God looks like?

Do people all share the same beliefs about what God looks like?

Why do people have different names for God?

Hillstone Life Skills

I understand and can describe my feelings.

I know what my strengths are and can set myself a goal.

I can discuss why sleep is important and how I can relax.

I know can think of ways that I am special.

I can identify different risks around me.
