During this project, we will be piecing together a timeline of British history from Roman Britain to 1066.

Key Questions

- Why did people from other places come to Britain to live?
- Where and when were the most important changes in Britain's ancient history?
- What are the key features of life in the Stone Age, Bronze Age, Iron Age, Romans, Anglo-Saxons, Vikings and the Normans?
- How did the ancient civilizations live, feed and govern themselves?
- Why are there so few artefacts from those times? How do we know about the past?
- Why did each early civilization end?
- How was the Anglo-Saxon society structured?
- Where did the Anglo-Saxons settle?
- Who was Alfred the Great?

Prior Learning

This project leads directly on from last half term, during which we learned about British history from the Stone Age up to Roman Britain. You will remember:

- Stone Age: 10000BC 2100BC.
- People lived nomadic lifestyles in caves. They were hunter-gatherers.
- In approx. 4000BC, farming was introduced to Britain. This had a significant impact on people's lifestyles.
- Bronze Age: 2000BC 750BC
- Stonehenge was completed
- Iron Age: 750BC 43AD
- Romans successfully invaded Britain in 43AD
